He then introduced Officer David Bean who has served nine years with the CPD and newly hired Officer Jay Nevins. Council Member Bailey thanked the CPD for the police presence on October 31st in McAdenville Village. Council Member Richardson stated that the foot traffic on Halloween was comparable to the heaviest days of the Christmas Town Celebration and asked if the Town should consider closing Church & Academy Streets to vehicular traffic in 2018. Sergeant Black stated that additional patrol should be enough to maintain public safety because the majority of visitors parked their vehicles at the Wesleyan Church or Elementary School and walked to the Village Neighborhood

OPPORTUNITY FOR PUBLIC COMMENT:

Reid Washam, Wesleyan Drive resident, inquired when the resident passes for Christmas Town would be available. The Clerk stated that the passes were available now and could be picked up during Town Hall's normal business hours.

Karen Starrett, 346 Main Street, requested the Town's help in dealing with alleged code enforcement issues with two adjacent properties. Mrs. Starrett stated that the property to the left of her home has numerous feral cats and a rodent problem resulting from a deteriorated shed located on the property. This property also has indoor furniture in the yard, an inoperable vehicle in the driveway and unmaintained landscaping. Mrs. Starrett presented photos to Council of the items she felt were in violation and negatively impacting the value of her property. The second property to the right of her home has been sitting vacant for over a year and is in structural disrepair. Ms. Starrett inquired if this property could be addressed through the Minimum Housing Standards that are part of the Town's current code. UDO consultant, Jeff Kirchner stated that he could assist the Town's staff with investigating both of the properties being questioned by Ms. Starrett. Sergeant Black of the Cramerton Police Department stated that the code enforcement officer was aware of the complaints against both properties and has been actively investigating them. He will request that the Code Enforcement Officer, Dan Harris, arrange a meeting with the Town's staff to discuss the status of both properties.
