- b) Subject to the next sentence, all owners of property abutting concrete, brick, or other permanently improved public sidewalks shall grade such property or construct a retaining wall in such a manner as to prevent the washing of dirt, grass, gravel, or other material upon the town sidewalks. If the town constructs a sidewalk, it shall be responsible initially for taking the necessary steps to prevent the washing of such materials upon the sidewalk.

- d) No driveway may be constructed closer than three feet to a fire hydrant or catch basin or closer than thirty feet to the right-of-way line of a street that intersects with the street the driveway opens onto.
- e) If the driveway crosses a drainage ditch on a lot that abuts a street without curb or gutter, then piping of sufficient size and strength (as approved by the administrator) shall be installed beneath the driveway surface so that the drainage capability of the drainage ditch is not material impaired.

- f) This section shall not apply to driveways that open onto state-maintained streets to the extent that the state has approved the driveway.
- g) Violation of this section is punishable as a misdemeanor pursuant to N.C.G.S. § 14-4.

- d) Without limiting the generality of the foregoing, this section applies to any utility operating within the town. Section 7-14 Curb Cut Ordinance.

1. Purpose

It is recognized that driveway connections onto a road serve to increase traffic flow and volume on that road. Increased traffic flow, if left unchecked, can lead to traffic congestion, increased travel times, and to an increase in the number of accidents involving motorists, cyclists, and/or pedestrians. The purpose of this ordinance, per G.S. 160A-307, is therefore to promote this orderly flow of traffic on streets through the

Town of McAdenville and to provide for increased safety for pedestrians, cyclists, and motorists alike, by providing street curb-cuts and other associated road improvements through the issuance of driveway permits.

2. Administration

This ordinance shall be administered by the Town Clerk or designee appointed by the Town Council (hereafter referred to as the “Administrator”).

3. Applicability

- a) This ordinance shall be applicable within the corporate limits of the Town of McAdenville.
- b) This ordinance shall be applicable when a building or parcel of land is proposed to be used or occupied without any associated building construction or alteration; or whenever a Zoning Permit, as stipulated in the Town of McAdenville Zoning Ordinance, is required. Adherence to this ordinance, however, shall not be required for any of the following:
 - i) The initial development of a single-family or two-family dwelling structure, along with related accessory structures, on a recorded lot.
 - ii) Initial construction or expansion of residential accessory structures.
 - iii) Initial construction of non-residential accessory structures which are less than five-hundred (500) square feet in area; or an expansion of a non-residential accessory structure by less than five-hundred (500) square feet.
 - iii) An enlargement of an existing principal non-residential structure by less than twenty (20) percent of its existing gross floor area, provided such enlargement does not necessitate the creation of additional off-street parking or loading spaces as may be required by the Town of McAdenville Zoning Ordinance.
 - iv) A change in principal use which would not necessitate the creation of additional off-street parking and/or loading spaces.

4. Driveway Permits

- a) An application for a driveway permit may be made (and approved by the Administrator) simultaneously with a zoning permit application.
- b) Having received and reviewed a complete application, the Administrator shall have the authority to (i) approve the driveway permit without conditions (ii) where applicable, approve the permit in conformity with any other conditions previously

placed on the property in question by the Town of McAdenville (iii) recommended to the Town Council that the permit be approved subject to certain fair and reasonable conditions be attached, or (iv) deny the application. Any such determination shall be made and/or the application transferred to the Town Council for action within forty-five (45) days of receipt of the application. The application will be deemed approved as submitted if the application is not transferred to the Town Council within said forty-five (45) day period,

- c) The Administrator or the Town Council may only approve the driveway permit application having first determined that the proposed development, land improvement, or use of property meets each of the following findings:
 - i. The proposed use of development will not serve to impede the flow of traffic through the Town of McAdenville.
 - ii. The proposed use or development will not be a safety deterrent for pedestrians, cyclists, and motorists.

The Administrator or Town Council may deny an application if each of the above findings are not found in the affirmative. Any conditions placed on the driveway permit by the Town Council shall be in support of an in harmony with each of the above referenced findings of fact.

- d) Any decision of the Administrator regarding the driveway permit may be appealed to the Town Council provided such appeal is made in writing no greater than thirty (30) days of the date of such decision.

5. Penalties

Violation of this section by failure to obtain proper permitting or adhere to the terms of a valid permit is punishable by a civil penalty not to exceed \$50.00, with each day that the condition remains unabated after first notice constituting a separate violation.

Section 7-15 Reserved.

Failure of an event sponsor to adhere to the requirements of this section is punishable by a civil penalty of up to \$500.00 or the costs the Town incurs in cleanup efforts, whichever is greater.
