

## ADDENDUM No. 4

### To RFP for Solid Waste and Yard Waste Collection, Transfer & Disposal Services for the Town of McAdenville

---

The purpose of this Addendum is to answer questions received from potential proposers or provide additional information as it relates to this solicitation.

IMPORTANT NOTE – It is the Proposer’s responsibility to use the revised information when preparing the response.

1. Q: To be more efficient most residential waste collection is performed with automated side loading trucks. Using this style truck will return the container to the proper curbside position, but usually does so with the lid opened. Is that an issue?  
**A: The Town prefers the lid to be closed once emptied, but we understand with an automated truck that the lids may be returned in the open position.**
2. Q: Requested modifications to Section 7.6.5 Consumer Price Index (CPI) Adjustment: (question #1) To change the CPI Index to Garbage and Trash Index instead of the broader All Urban Consumers Index. (question #2) Requesting removal of the last sentence capping the total adjustment over the term of the contract at 10%.  
**A: (question #1) No change to RFP related to the CPI index. (question #2) On Page 6, Section 7.6.5, the last sentence is modified to read: The total adjustment over the term of the contract shall not exceed a cumulative fifteen percent (15%).**

**End of Addendum No. 4**
